Village of Wheeler

NOTICE OF PUBLIC TEST

The public Test of the optical scan tabulating equipment is to be used at the Partisan Election on November 3, 2026. Will be conducted on Friday October 30, 2026, at 1 p.m.at the Village of Wheeler Village Hall 105 Tower Rd W, Wheeler WI 54772. This test is open to the public.

The testing provides an additional way to ensure that voting tabulators are working properly, and that the election will be conducted accurately. By state law, a pre-election test of voting equipment occurs before every election in every municipality across Wisconsin. In the public test, voting machine programming is verified by feeding a set of pre-marked ballots into the machine and reviewing the results tape that is generated. An errorless count is required at the conclusion of the testing. According to Wis.§ 5.84(1), any anomalies identified in testing must be remedied before the equipment can be used in an election.
